Infonet-Biovision

Organisation

Infonet is a channel of the Biovision Farmer Communication Programme (FCP) with a focus on Africa.

Summary description of the site

Infonet provides scientific and practical validated information and knowledge related to plant (crop), animal, human and environmental health. The resource gives farmers, trainers, students, and extension workers quick access to up-to-date and locally relevant agricultural information and related topics. You can search for crop health information via crops, pests and management
