

Rice Knowledge Bank

Organisation

International Rice Research Institute (IRRI), Los Banos, the Philippines

Summary description of the site

To bridge the gap between research and practice in rice production, the **International Rice Research Institute (IRRI)** developed the Rice Knowledge Bank (RKB)—a digital extension service that provides practical knowledge solutions, specialized for small-scale farmers in developing countries.

RKB showcases rice production techniques, agricultural technologies, and best farming practices based on IRRI's pool of knowledge from research findings, learning and media resources, and in-country projects.

To facilitate easy access to information, RKB highlights the **Step-by-step Production Stages** from pre-planting to postproduction management, **Decision Tools**, and **Agronomy Guides** to help people make informed farming decisions.
